The Gillette's son, Robert, attends college at Somerset, which is about 60 miles from Lexington.

Mr. Moore left New Lenox 11 years ago to accept a position in Rio de Janeiro, Brazil, where he served as director of the well known American School probably the highest ranking school of its kind on the South American continent. **Air Defense Leader
Talks in Frankfort**

A U. S. air force ground observant civilian defense meeting was held in Frankfort gymnasium last Friday in the Frankfort gymnasium, immediately after the Frankfort PTA meeting. Lt. Thomas L. Wilson, a representative of the Air Defense Command, gave a talk and presented a film on "Air Defense." He expressed the very urgent need of a ground observation corps for this area.

The Air Force has chosen Frankfort as a site for an observation post, and is soliciting the aid of the civic organizations of Frankfort to obtain volunteer watchers.

It is planned to have these air-spotting posts about 8 miles apart. This is the system that was used in England in World War II. These posts are needed inasmuch as the radar observation posts do not pick up objects under 5,000 feet up. They have radar now in 27 states.

It was pointed out that there is need for volunteer carpenters and lumber for the construction of the observation booth on one of the buildings in town. The location is to be chosen at a later date.

March 27 was set for a future meeting, at which time definite plans are to be worked out.

**Has Close Call As

**Jailed When He
Cashes Bad Checks**

Warren B. Coler, 28, a former resident of Mokena, but now of Fort Custer, Battle Creek, Mich., returned to Mokena last Wednesday. His visit, however, proved rather unpleasant.

Coler wrote a check for \$25 on a Joliet bank at the Cooper & Hostert garage in Mokena, which was cashed. He also cashed a check for \$20 at Elliott's drug store in New Lenox. Upon discovering that both checks were worthless a warrant was served charging Coler with intent to defraud.

He was picked up Tuesday night by deputy sheriff Drake of New Lenox at Robinson's tavern, in Mokena, and taken to the Will county jail in Joliet. His case was tried the following day when he was arraigned before justice of the peace Anthony McKay, and his bond set at \$2,000. Unable to raise the bond, his case was continued for 10 days to permit county authorities to make a further investigation.

**Mrs. L. Moriarty
Celebrates Her
90th Anniversary**

Mrs. Lizzie Moriarty

The 90th birthday of Mrs. Lizzie Moriarty was observed last Thursday when friends and relatives called at her home in Mokena to congratulate her and wish her happiness.

Mrs. Moriarty, or 'Aunt Lizzie' as she is lovingly called, was born in New Lenox township just west of Mokena on the farm home of her parents. When she was 12 years old her mother died and she and her sister, the late Mrs. Sadie Barber, kept house. She had three brothers, Sam Fulton of Joliet being the only remaining one.

Aunt Lizzie spoke of working hard all her life and said, "work never killed anyone." She is in fairly good health and lives alone with a woman companion, but Aunt Lizzie always takes care of her own room except the heavy work. She mentioned the many new events that have occurred during her life time; telephone, automobiles, new farm machinery, and now television.

On her 20th birthday, March 12, 70 years ago, she was united in marriage in her home with George Moriarty. About 39 years ago she and her husband and two sons, Herbert and Walter, moved to the home on Front street in Mokena, where she has lived since. Her husband and sons have passed away. Her daughter-in-law, Mrs. Rose McMahon arranged the birthday party in her honor, who also presented her and her granddaughter, Winnifred Moriarty of Joliet, whose birthday was the day before, with corsages.

Mrs. Moriarty enjoyed visiting with her friends.

Mrs. Moriarty helped nurse her sister Sadie for a number of years when the latter fell and broke her hip. A short time after Sadie's death, Mrs. Moriarty also fell and broke her hip from which she has made a fine recovery.

**GROUND-BREAK
CEREMONY DIST.
210 SATURDAY**

The long awaited event of great importance to parents and children of this area—the breaking of ground for the Lincolnway High school, District 210—is fast approaching. Informal ground-breaking ceremonies will be held this Saturday afternoon, March 21, starting at 2 o'clock, at the school site on Lincoln highway.

It will be informal and the public is cordially invited. There will, however, be no elaborate program, but all who are interested in seeing the first spadeful of dirt turned in this great educational project will no doubt find many friends gathered together at the spot.

At the board meeting held last Wednesday evening in the Mokena public school, contracts were approved for the plumbing and the well to A. J. Lowe of Lyons, for \$88,934.50. The board also made their selection of glass block to be used in the front of the building, instead of the common steel sash windows.

With good weather such as we have been having for the past several days it looks like the contractors may be able to go right ahead with the building of the school.

**EXPAND MOK'NA
PHONE SERVICE**

Completion of an extensive telephone expansion program designed primarily to provide better telephone service for residents in the Sunny Acres Subdivision west of Mokena has been announced by R. F. McQueen, Illinois Bell manager.

As a result of this program, most telephones in the area south and west of town were changed to urban service as of Saturday, February 14, 1953.

"This means," R. F. McQueen telephone manager said, "that all telephone users with 8-party telephone service in the area affected now have been given a higher grade of telephone service. Customers were given the choice of one, two or four party service."

Approximately 814 miles of wire in cable and an equipment addition in the telephone central office were required to make city telephone service available. Over 100 residents got a better grade of service, McQueen estimated.

A few customers with one or two party telephones were not affected, McQueen said. Downward adjustment or elimination of the mileage charges they now pay will be made by the company.

New telephone numbers also became effective at the time of service for all eight party customers. These numbers are shown in the 1953 telephone directories recently distributed.

Work started on the project last year when telephone poles were erected to support the aerial cable needed. The entire cable project was under the supervision of New Lenox resident Norman L. Grund, district construction superintendent for the company.

Some 2800 feet of cable, containing as many as 606 wires were laid from the central office to 195th street. From there the cable was extended west to 114th avenue and north on 114th avenue. Distributor cable off the main cables then was dispersed throughout the area.

Throughout last year, a number of other cable installations were made to keep up with Mokena's growth. Manager McQueen pointed out that the new area which extends roughly to Woodland Circle on the south, 116th avenue on the west and 183rd street on the north has been growing rapidly, necessitating the change in telephone service.

**National Tea Sales
Reach All Time High**

The National Tea Company reports another record breaking year with sales reaching an all time high of \$405,220,594. Profits for the year amounted to \$3,717,769 after making provision for \$4,520,000 normal federal taxes, and \$170,000 in excess profits taxes, which, incidentally, represents the highest federal taxes ever recorded for this company's operations, and approximately \$1,000,000 increases in federal taxes over the previous year.

The consolidated sales of National Tea Co. for the four weeks ending February 28, 1953 amounted to \$34,083,677 as compared with \$27,710,148 for the corresponding period of 1952, an increase of 23%.

Sales for the year to date amounted to \$71,528,867 as compared with \$53,472,860 for the corresponding period in 1952 an increase of 33.76%.

The number of stores in operation increased from 617 in 1952 to 741 at February 28, 1953.

**Meet in Frankfort Friday to Discuss
No-Grain Feed Program for Dairy Cows****Ford F-100 Series
Trucks on Display
In Mokena, Frankfort**

The new 1953 Ford pick-up, panel, stake and chassis-cab trucks known as the F-100 Series, are the first trucks of this type to be equipped with Fordomatic fully automatic transmissions or automatic overdrive as optional, extra cost equipment.

"Utilization of the Fordomatic transmission in this type of trucks has resulted in increased driving ease and reduced operator fatigue plus economy which averages approximately the same as conventional drive," explained W. E. Kimbrough, national truck sales manager of Ford Division.

"Before introducing these trucks to the public we have tested them over more than 300,000 miles of highways in all parts of the country from Arizona's desert roads to the Allegheny mountains. They have performed admirably and our tests have proved that they actually have more pulling power than a similar truck with standard transmission."

While additional cooling of the Fordomatic truck transmission will be required only under periods of extreme operating conditions, Ford engineers have added a transmission cooler of the oil-water, heat-exchanger type in which water from the engine cooling system is used to cool the transmission. This, according to Mr. Kimbrough, is more a safety factor than a necessity and will be needed only for maximum loads over hilly terrain or for off-highway hauling.

Ford plans to introduce the automatic transmission on the Ford parcel delivery trucks later on in the year. Mr. Kimbrough said the new automatic truck transmission will be available for light trucks with either Ford V-8 or 6 cylinder engines.

Features of the new 1953 Ford F-100 Series trucks are 110 inch wheelbase for maximum maneuverability and a shorter turning radius; new, wider front tread for greater front-end stability, easier handling and steering; all new cabs with one-piece curved windshields and 5 feet of hip room with exclusive automatic seat snubbers and a choice of five transmissions including economical overdrive and Fordomatic.

The F-100 Series trucks range from 4,000 to 4,800 pounds GVW. Nearly 50 percent of all hauling needs are met by this Ford light duty series.

These Ford trucks are on display at the showrooms of Cooper & Hostert in Mokena, and A. C. Bauch garage in Frankfort.

**Dramatic Club to
Present Broadway
Hit in Haven School**

The New Lenox Methodist Dramatic club announces that they will present the Broadway hit "Ladies in Retirement" on April 9, 10, and 11 at the Haven school auditorium, New Lenox. This is a highly entertaining drama that will afford a good many laughs. Miss Leonora Riske played by Betty Morrison, is an aging beauty who will remember her triumphs as "Fourth from the end" in the chorus line. Her retirement to an old country house which she is proud to restore to its original statelyness, is accompanied by her housekeeper-companion, Miss Ellen Creed, played by Jane Schlotterer.

Ellen is willfully burdened with the total support and care of her two "peculiar" sisters. They aren't really insane, it is just that—Miss Emily Creed, played by Mary Greenman feels that she likes to tidy up things and is kept busy picking up the beach when the tide has gone out. She is the adventuresome sister.

Miss Louisa Creed, played by Dorothy Sheeler, is afraid to go out of the house, but is delighted with using her cherished telescope to follow her sister's adventures from the window.

Albert Feather, played by Louis Loebe, is not a lady nor a gentleman. Albert is deceitful, light-fingered, a parasite, a cheat, and an opportunist, especially when confronted by—Miss Lucy Gilham, played by Vera Chapman, a pert, saucy, loyal little maid who is not quite taken in by Albert's connivings. And, Sister Theresa, played by Jane Anderson who can't quite believe that the world is as wicked as it really is.

What happens when these people meet at "Country House" will keep you interested until the fall of the third act curtain.

CARD PARTY

The Auxiliary of the William Martin VFW post will sponsor their regular card party in their hall this Saturday evening, March 21 at 8 o'clock. Hostesses will be Mesdames Gus Long, Peter Homering, Frieda Genen, Herb. Hilgendorf and Adam Schneider.

On Friday, March 21 a meeting will be held at Frankfort village hall from 1 to 3 p.m. to discuss a no-grain feeding program for dairy cows (and beef cattle). The speaker will be W. F. Torma, of Waukegan, who will describe the no-grain feeding program that has created so much interest in other parts of the state.

It is claimed that the no-grain feeding program will feed two to four times as many cows from the same land and that the cows maintain top production and excellent condition. It is not necessary to grind, mix or haul grain on the no-grain program. Grain that has been intended for cows can be sold or fed to hogs or poultry thereby increasing farm income.

Besides decreasing the work load of the farmer the no-grain program also promises, according to Mr. Torma, to greatly improve the health of the cows. Roughages, being the natural food for cows, keep cows in better health. It is reported that even mastitis has been cleared from entire herds of dairy cows. It is usually considered profitable if a cow's feed to produce milk costs less than one-half the price the farmer gets for the milk. In Cook and Will counties farmers are getting about 4 cents per pound for milk. With mixed or grass hay at \$15 per ton, it is estimated on the no-grain feeding program that all the nutrients needed to produce a pound of milk will cost less than 1 1/2 cents. Doubling this feed cost, this would mean that milk can be profitably produced for 3 cents per pound. That's good news for dairymen. It is impossible, according to Mr. Torma, to feed a supplemented grain and roughage ration for anywhere near this price.

Mr. Torma adds that although the no-grain program sounds hard to believe, actually it is more logical than feeding grain. Many countries, especially those with long growing seasons, get large production without feeding grain and have been doing so for generations. The program, according to Mr. Torma, consists of feeding low-cost roughages, the whole plant, rather than just the grain or berry—harvesting quality roughage, and balancing the roughage for biggest production. A roughage balancer is used to restore the cured hay and silage the nutritive value of May-June grass.

The no-grain program was developed by Mr. Arthur White of Green Isle, Minn. The first herd went on the program at Hamburg, Minn., in Sept. 1945. The method of balancing roughages has spread and now over 4000 farmers in the midwest area are enthusiastically surprising themselves and their neighbors with results on the no-grain program.

Considerable interest has been expressed locally in the no-grain program and a question and answer period is promised following the talk by Mr. Torma.

**Jeer Police Chief:
Local Boys Fined
\$50 and \$20 Costs**

As Mokena's chief of police, Whitney Carter, was in the act of arresting a motorist along McGovney street for some traffic violation last Friday night, a group of boys passed in another car and made smart alecky and jeering remarks. When this happened Mr. Carter left the car he had stopped and gave chase to the boys, soon overtaking them.

Riding in this car were Lyle Collins, driver and Wesley Nelson, of Mokena, and Earl Rogers of New Lenox. With Mr. Carter were two of Mokena's aldermen, who also have police powers.

Chief Carter arrested all three boys, who all denied having made sneering remarks. The charge was disorderly conduct.

The boys were taken at once to Joliet, around 10 p.m. last Friday night. Police Carter called the state highway police department and Herman Dickey responded. All three boys were locked up in the Will county jail for the night, and Saturday morning were brought before Judge Anthony McKay. The assistant state's attorney acted as prosecuting attorney. A fine of \$50 and \$20 costs was imposed on the three boys which was paid, whereupon the boys were released.

HOMER

Lockport, R. 1
Telephone Lockport 1387M

**Last Rites for
George L. Milton**

The community was shocked and saddened by the untimely death of George L. Milton of Plainfield, son of Mr. and Mrs. George D. Milton of Homer, at

his home in Plainfield township, March 13.

The body was taken to the Luce funeral home, Plainfield, from where services were held Monday afternoon with the Rev. Milton Heitzman officiating. Burial was in Plainfield cemetery.

He is survived by his wife, Margaret, (nee Rott) of Plainfield; an eight month old son, George M.; his parents; his maternal grandmother, Mrs. William P. Jones all of Homer; two sis-

ters, Mrs. Jerome J. Paddock (June) of Homer and Mrs. Willard G. Rowley (Monna) of Princeton.

He was born in Homer township 29 years ago and lived there until his marriage a few years ago. He attended Wells Corners grade school; Joliet township High and Junior college. He was a member of Homer church until he moved to Plainfield when he transferred his membership to Plainfield Congregational church. He was a member of the choir there and of the Will county rural chorus.

After leaving school he engaged in farming, but recently has combined farming operations with work at the Caterpillar plant in Joliet.

Although a severe illness during his boyhood was known to have weakened his heart, he has apparently been in good health up to the time of this attack which took his life as he slept. The sympathy of the entire community is with the bereaved family.

Hostesses at the monthly meeting of the Good Luck camp of Royal Neighbors to be held in the town hall this afternoon, March 19 will be Mesdames Iva Jungles, Mae Doctor, Evelyn Welter and Harriett White.

Residents of Hadley school district met at the school Wednesday evening of last week to hear the report of a recently appointed committee on the approximate cost of adding a room to the present one to care for the large enrollment of children which is expected in September. The group expressed their preference for an addition which will include a basement and modern sanitation. Another meeting is to be held in the near future to hear more reports and make more definite plans. It is expected that the former Lauffer school site, which is now a part of District 128, will be sold soon. Much of the labor on the new addition is to be donated according to present plans.

The planning and investigating committee includes, besides the directors, Loren Sass, Charles Elliott and Russel Lauffer.

On Saturday, March 21 at 2 o'clock, the buildings on the site of the former Solterman school, will be sold at auction.

Much interest is being shown in the coming township election to be held Tuesday, April 7. Two nearly complete tickets

have been filed with the town clerk. The Town ticket includes the present supervisor, Barney Welter, and the present clerk, Clarence Weiss, as candidates. Frank Kolar and John Dixon have been nominated for Justices of the Peace; Mrs. Marion Ziesemer for collector; Earl Olsen for school trustee; and Robert Shepherd for constable. There is no candidate for assessor on this ticket.

The People's ticket is headed by Wrey White for supervisor; Bruce Anderson for town clerk; Robert Bell and Ralph Waldvogel for justices of the peace; Virginia Sass for assessor; Virginia Sass for school trustee; Harold Zielke and Vincent Billek for constable. Mrs. Ziesemer has no opposition for collector on this ticket.

Beverly, baby daughter of Mr. and Mrs. George Burcham, was christened during the morning service in the Homer church Sunday. Sponsors were Mr. and Mrs. Harry Kragelund of Chicago, cousins of Mrs. Burcham.

The Mother's club of Reed school will sponsor a luncheon party at the school Saturday evening, March 21, for the benefit of the school.

The missionary society of Homer church will sponsor a bakery sale Friday afternoon, March 21, at 1 o'clock in the Peter's shoe store, State street, Lockport. All donations will be thankfully received.

Mr. and Mrs. Melville Canada have moved into their new home on East Seventh street, which they recently purchased from Wrey White.

The Wieting family are settled on the Marple farm which was recently vacated by the Joe Miller, Jr., family who moved to the Bentley farm south of New Lenox.

Otto Konow who has been a surgical patient in Silver Cross hospital returned to his home Wednesday.

Mrs. Walter Konow who was in the hospital for a few days, is at her home, but expects to return to the hospital soon.

Mrs. Mary Meyers who has been in St. Joseph's hospital for observation, has returned to her home.

Mrs. Harvey Ingersoll of East 7th street, Homer township is a candidate for election on the LTHS board. Homer voters may cast their ballots for this board at the town hall, Saturday, p. m. April 11.

The March Missionary meeting will be held in the church, Thursday, the 26, with Mrs. John Loucks and Mrs. Ira Anderson as hostesses.

Hi-X young people enjoyed a swimming party in the YMCA in Joliet Saturday night.

Remember the old-time box-social to be sponsored by the C.A.C. at Homer church Saturday night, March 28.

Mrs. H. V. Drewes and Caro-

lyn were Chicago visitors Friday.

The monthly meeting of the Community club will be held March 27. Hostesses will be Marie Korsgaard, Helen Madden and Anne Hallik. They ask that you please bring potato chips, deviled eggs, cup cakes and pop for your own family.

Mr. and Mrs. Korsgaard are entertaining his brother and wife, Mr. and Mrs. Viggo Korsgaard of Bound Brook, New Jersey.

As Mrs. Toni Ritt was returning to the Drive-In after a visit to the Clinic at Frankfort Saturday she misjudged the turn into East Circle Drive and drove into the deep ditch right at the Lincoln Highway and East Circle drive. Fortunately she was not seriously hurt, that being a very hazardous spot.

Baby Richard Peterson, son of Mr. and Mrs. Roy Peterson has a very bad cold.

We are wondering if the road commissioner has forgotten about us. Its getting so that the tow trucks get stuck in the chuck holes.

Mr. and Mrs. Edwin Meyers entertained Mr. and Mrs. David Anderson in their home Saturday in honor of the joint birthdays of Mr. Meyers and Mr. Anderson.

We are sorry to hear that our school bus service will be discontinued after April 1, because of the lack of a driver. We certainly hope that something unforeseen happens and the bus service will be continued. We have sincerely appreciated this service Father Dennis and Mr. Ward. If we can help in anyway let us know.

came root bound. Vines have withered and dried up because borers and suckers ate away at the vines. This is the Republican's inheritance. It may look good to the novice, but the professional businessman and the professional farmer know business is not as healthy as it appears to be.

Artificial Prosperity

Most economists agree that our great new industry—Defense—is what has kept us going since we caught up with post World War II demand. While many may have viewed Republican victory as the harbinger of happy days, former President Truman was probably more nearly correct when he likened our situation to the Hoover boom. I've said many times that governments can influence the course of economic action, but they cannot repeal Newton's law of Action and Reaction.

There now is no such thing as perpetual prosperity. Barrage war, we may well be at the dawn turn of the economic cycle. It we had not had the Korean outbreak in 1950, the Truman Administration would not have fared so well. Our Government is still "priming the pump" with national security expenditures to the tune of about \$48 billion annually. A peak figure of \$60 billion may be reached by 1954. After 1954, what's going to happen when Government defense spending is gradually cut back \$20 billion to a maintenance level of about \$40 billion in 1960? The only hope is to treat businessmen and investors in as friendly a manner as labor leaders have been treated.

National Defense Spending

At currently planned rates, national defense spending would purchase about 17% of our total national output by 1954, but soon drop back to only 9%. One of our main problems, then, is for merchants to find customers who can afford to purchase goods and services to take up the slack. I do not believe we can do this until a very substantial cut is made in Government spending and taxes. The

bottom 80% of our population, where the mass market lies, holds only about 7% of our gross national savings! This is a very important statement. Think it over.

Eisenhower's problem is going to be a tough one moving from a kind of straw man economics to an economics of natural law. His "eleven millionaires and a plumber" cabinet brings to the job outstanding experience and abilities. Certainly they understand, as well as any

man can, the problems of business—they understand politics so as to get real results! Time will tell how well

A good place to work... 4 true stories

UP FROM THE RANKS. Robert Meyers started as a clerk 27 years ago. He is now a Plant Superintendent, supervising 1,600 employees. Like other telephone people with 21 or more years of service, he is a member of the Telephone Pioneers of America. "I believe young men and women should make their job decisions in the same careful way one makes a long-range investment," he says. "I selected Illinois Bell Telephone Company as a good place to work because of its up-from-the-ranks promotion policy—and I'm glad I did."

FROM TRAINEE TO OPERATOR. When June Steinbeigle (right) took her position at the switchboard for the first time, it was no stranger to her. She had been to "telephone school." And she earned full pay while learning. Delores Collis, instructor, says: "Training classes are small and informal. New girls learn to handle calls by working at a 'practice' switchboard." Six out of 10 girls hired last year were sent to Illinois Bell by telephone employees who recommended the company as a good place to work.

DESIGN FOR LIVING. Telephone people like to get together after hours, too. The "Design for Living" program, for instance, is popular with telephone girls. The groups meet for 10 weeks. Discussion sessions cover home planning, entertainment, travel, etiquette, good grooming, literature, conversation and hobbies. Mildred Mika, clerk in one of our offices, took the course last fall. She says: "It's hard to believe you can have so much fun—and learn so much, too."

WHEN PAINTING'S A PLEASURE. George Saunders has plenty of time now to indulge in his favorite pastime. After 34 years with Illinois Bell, he retired 2 years ago at the age of 65. He has been receiving monthly pension checks ever since. The company's pension plan was established in 1913, forty years ago, at a time when the idea of social security was still a novelty. The entire costs of the plan are paid by the company.

NOW...dig a hole a minute

This combination of WD power and the Danuser Digger takes the work out of hole digging—whether for fence posts, poles, seedlings or construction work.

This well-proved digger now mounts directly on the WD Tractor... is driven through the power take-off, and controlled by the tractor's hydraulic system. It's a one-man, easy-to-operate tool, adapted especially for use with the WD Tractor.

Ball-joint mountings prevent damage when passing over rocks and stumps with the digger in the operating position. Shear-bolt on auger drive will release before digger is damaged.

The Danuser Digger adds another to the long list of jobs the versatile Allis-Chalmers WD Tractor can do. See us for a demonstration.

I have introduced a bill auth- orizing an increase in the diver- sion of water from Lake Mich- igan. The proposed legislation has been referred to the com- mittee on public works.

It also provides that the Secre- tary of the Army shall study the effects of the increased di- version and report his recom- mendations to the congress.

Kindest regards to all.

Solving Labor Shortage

What's the best way to meet the
steadily tightening farm labor
shortage?

Midwestern agronomists say the
answer is more efficient crop pro-
duction methods that boost yields
per acre. They suggest these
steps: 1—Greater use of lime and
commercial fertilizer which will
boost yield per acre on cropped
fields and pastures and increase
the output of meat and milk. 2—
Increased mechanization which
enables workers to do more in
fewer hours. 3—More plantings
of higher yielding hybrid seed
varieties.

During the Lenten season,

there are special church serv-
ices for folks to attend; some
pledge a self denial as a spe-
cial offering to their God and
church and help others who are
less fortunate for some of the
essentials in life. Here is where
members and friends of the Or-
land Park Methodist church can
help others by contributing
fresh eggs for the Methodist Old
People's home in Chicago. There
will be crates in the church din-
ing room, handy for contribu-
tions. The folks at the home
look forward to the fresh eggs
from their country friends at
Easter time and are so grateful
for same.

Reba Ambrose who was a pa-
tient in a Chicago hospital, re-
turned home over a week ago,
feeling fine and able to be back
on the job.

Scout News

Girl Scout troop 90 with leaders Mrs. Ernest Spannhake, and Mrs. Wm. Stoner, met March 13 at the Lions Den. An investiture ceremony was held for Betty Anderson, Darlene Blaha, and Alma Lauffer who received their pins. The following 14 girls received sewing badges: Barbara Anderson, Dotte Jean Anderson, Betty Anderson, Darlene Blaha, Joan Elliott, Norma Heidrick, Alma Lauffer, Eleanor Pester, Claudia Peterson, Jonelle Roberson, Evelyn Rowsell, Prudence Rowe, Cheryl Sass, and Marilyn Sayers. Prudence Rowe also received a free badge. Pennies were collected for the Juliette Lowe birthday party.

The girls discussed preparations for the party after which games were played and refreshments were served by Joan Elliott and Eleanor Pester. Girl Scout peanuts, were distributed for sale. The girls sold out their first 23 cases, and Mrs. Spannhake had to order 10 more cases, each case holding one dozen cans. Saturday morning the stage committee, Evelyn Rowsell, Eleanor Pester, Claudia Peterson and Prudence Rowe with Mrs. Spannhake and Mrs. Stoner, drove to Frankfort where they decorated the stage for the scout birthday party. Mr. Spannhake also assisted the girls in lining the stage with a small picket fence, that was decorated with hand made tulips and shamrocks. The curtain lining the back of the stage was decorated with 30 oversized copper pennies, which the girls took home for souvenirs, after the party.

Sixteen members of Brownie troop 97 gathered at the home of Mrs. William Minuth leader March 12. Games were played after the business meeting, and the girls worked on yarn rabbits that they are making for the children's ward at Silver Cross hospital. Hostesses, Pamela Pius and Susan Kammerer served doughnuts and fruit punch. Jane Morrison and Sharon Simms will be next week's hostesses.

Brownies troop 140 met at the Lions den March 12. The girls discussed last minute details for their Brownie party March 14. They are making plans to visit Silver Cross hospital March 27 and are making yarn bunnies to present to the children's ward. Order blanks for the candy sale were passed out. Each girl promised to do her best in order to raise the money to pay her way to day camp this year. Officers elected for the month were: Janet Walker, president; Lynetta Gillette and Becky Sheeler, treasurer. Merry Lee Collatz was hostess for this week, and Janet Walker will be hostess for next week.

Brownie troops 97 and 140 are planning to visit Silver Cross hospital on March 27. Both troops are making yarn bunny lapel pins to distribute thru out

the children's ward. It has been decided also that each troop donate two boxes of Girl Scout candy to the children. The girls will be picked up at school in cars by mothers who have volunteered to drive. It is hoped that the girls will get acquainted with the hospital thru the tour and be enough impressed by it to influence them toward a nursing career. Mrs. Kenneth Kirk and Mrs. William Minuth have been planning their troop activities for this event.

Group singing and folk dancing were enjoyed, and refreshments were served buffet style by a Joliet troop. A committee of girls from troop 90, Evelyn Rowsell, Eleanor Pester, Claudia Peterson and Prudence Rowe, with their leaders Mrs. Ernest Spannhake and Mrs. William Stoner, decorated the Frankfort stage for the party, and they remained after the party to take down the decorations.

Scout troops of New Lenox and Manhattan held their annual birthday party in the Haven school gym Sturday with 43 girl and 14 adults present. New games and songs were introduced and the girls also learned new folk dances. There has been a new Brownie troop formed in each village and some of those members were also present. The wishing circle closed the meeting after which refreshments were served.
